

2nd International Conference on

Laser, Optics and Photonics

LASER TECH 2019

April 15-16, 2019 Frankfurt, Germany

Call for Exhibitors

At the Laser Tech 2019 conference to be held in **Frankfurt, Germany** from **April 15-16, 2019** an **Industrial Expo** will be provided for related products and services in the field of **Laser, Optics and Photonics**.

Laser Tech 2019 welcomes projects, start-ups, companies and other institutions willing to gain visibility by renting an exhibition stand during the two days of the conference. By showcasing, exhibitors have the opportunity to feature their products and services in a setting adapted to their market and where they can associate specifically with their gathering of people. Show hours have been orchestrated to give exhibitors very high exposure.

What's in Laser Tech 2019? – Keynote Disquisition, Session Talks, Poster Displays, Young Research Forum presentations, Product Expo with Networking and B2B meeting.

Target Regions – US, Europe, Canada, Russia, Australia, Saudi Arabia, Turkey, Taiwan, China and Japan

Targeted Audience: Associations and Societies, CEO, CTO, Directors, President, Scientist, Distinguished Professors, Industrialist and Manufacturing Industries, R&D Labs, Research Institutes, Healthcare professionals, Young Researchers, Students and Delegates.

The **Laser Tech 2019 Conference and Industrial Expo** pulls in persuasive chiefs who solicit their presence to the technical sessions to display their research work and find out about the most recent technological advancements. While they network with colleagues and peers in the networking area, they will automatically visit the Industrial Expo.

Conference Outlook: <http://laser-tech.alliedacademies.com/>
